

**Workplace Safety Solutions**

## **SENIOR SAFETY PROFESSIONAL/RISK MANAGER**

*Please indicate job title in subject line of email submissions.*

### **ABOUT YOU**

- You have a sense that you were born for a purpose and embrace personal and professional growth.
- You are passionate about workplace safety and health, particularly for small and mid-sized businesses.
- You are an experienced Safety Professional with extensive on-the-ground experience leading safety management in high-risk industries, particularly construction.
- You would like to use your strong leadership skills and experience to play a strategic role on the leadership team as we execute the Canadian growth plan.
- You are really interested in technology and gadgets!

### **ABOUT US**

- Inspired by purpose, 1Life Workplace Safety Solutions is a dedicated group of Safety Professionals and Software Programmers passionate about sending workers home safe at the end of the workday.
- Since 2009, we have been developing software-based solutions for small and mid-sized employers to simplify workplace safety management, increase compliance, and reduce costs.
- Our vision is “To Foster Reverence for Life.”
- Awards include Canadian Society of Safety Engineering “Excellence be a Group”, Canadian Safety Leader of the Year finalist, Woman Entrepreneur of the Year, BBB Torch Award for Marketplace Trust, and Integrity.

We have an amazing office that is centrally located just a few blocks from Osborne Village at the corner of Stradbrook and Donald.

If you're looking to break out of the status quo by joining a company where you will have the freedom to put your stamp on Workplace Safety in Canada...**this may be the place for you.**

### **The duties and responsibilities of this position include but are not limited to:**

- Perform in the role of Risk Management Lead 30% of the time:
  - Provide leadership, quality control, and risk management for:
    - Consulting services such as SMS Development, Gap Analyses, Audits, SWPs, coaching and monitoring programs, etc.

- The development of high-quality resources to help clients keep their SMS up to date with changes in regulatory requirements and keep their people motivated. This includes writing Hazard Alerts, Safety Talks, Technical Bulletins, Policies, Procedures, etc.
- Perform in the role of Senior Safety Consultant 70% of the time:
  - Support a wide variety of clients to develop and implement an effective Safety Management System; act as guide and mentor so that the client's SMS operates effectively and independently of 1Life.
  - Advise and coach clients to continually improve their Safety Management Systems; perform audits, gap analyses, inspections, training, mentoring, etc.
  - Develop and improve written technical documents.
  - Collaborate with clients and the software development team for the continuous improvement of 1Life's technology solutions.
- Use extensive safety management field experience to contribute to the development of creative solutions. In doing so, help realize 1Life's objective to push the boundaries of innovation and improve and simplify workplace safety management.
- Perform other related duties as assigned.

Key characteristics that describe you: integrity, high standards, accountable, delivers on promises, courage to grow personally and professionally, collaborative, great communicator, coachable, optimistic, and enthusiastic!

#### Qualifications:

- Minimum **7-10** years of progressive experience with workplace safety/risk management in high risk industries (i.e., construction, manufacturing)
- Post-secondary education in Safety/Risk Management. CRM and CRSP designations are desired.
- Strong technical acumen in the area of occupational safety and risk management.
- Excellent analytic, problem-solving, and decision-making abilities.
- Ability to cope under pressure in a fast-paced, dynamic environment.
- Self-directed, results-oriented, able to work under tight deadlines.
- Ability to plan, organize, and maintain attention to detail.
- Excellent communication skills (written and verbal) with an emphasis on presentation and influential skills.
- Ability to coach, mentor, and motivate in a positive and enthusiastic manner.
- Past experience delegating work tasks and overseeing a team would be an asset.

#### What We Offer:

- An amazing corporate culture and a supportive team committed to personal and professional growth
- Dynamic, rapidly growing, award winning company with the opportunity for advancement as we grow
- Competitive compensation and generous benefits program
- Paid parking

**Next Steps:** If you think this position may have potential for you, then send us your resume and cover letter. In your **cover letter**, please (briefly) outline the following 4 items (in **4 separate numbered paragraphs** please):

- Relevant qualifications and work experience in Canada
- Why you are you a good match for this role
- Your “philosophy” on safety leadership
- Your desired remuneration (ballpark)

We would like to thank all applicants in advance for their interest in us. We encourage applications from all qualified individuals and believe strongly in diversity.
